WHU – Otto Beisheim School of Management is a leading private business school in Germany and is continuously ranked among the top business schools in Europe. On WHU’s two campuses in Vallendar (near Koblenz) and Düsseldorf, faculty, students, and staff enjoy working in a stimulating international environment. The organizational culture combines an entrepreneurial attitude and international orientation with a strong sense of community and a high commitment to excellence.

WHU’s Institute of Management Accounting and Control invites applications for the position of

**Doctoral Student / Research Assistant (f/m/d)**

with special focus on management accounting and control in the digital age

located at the WHU Campus Vallendar, starting at any time.

**Academic Environment**

WHU has more than 50 faculty members in the fields of management, finance and accounting, economics, entrepreneurship and innovation, marketing and sales, and supply chain management. Research at WHU aims to adhere to three principles: quality, internationality, and relevance to business practice.

The Institute of Management Accounting and Control of WHU is a leading think tank in the area of management accounting and control. Under the joint directorship of Prof. Dr. Marko Reimer and Prof. Dr. Utz Schäffer, the institute bundles the numerous teaching and research activities of the associated professors and doctoral students. In the annual ranking of PhD programs in the area of management accounting, the IMC ranks No. 1 in Europe for the third time in a row.

**Potential Research Questions**

- How will digitalization change tools, techniques and processes of management accounting and control?
- What is the impact of digital technologies on the role of management accountants in contemporary organizations?
- What competencies do management accountants need to facilitate the digital transformation of the finance function?

Of course, we are open to your own ideas.

**Job Description**

- completing a doctoral thesis and conducting empirical research
- collaborating with our faculty, international researchers, and other doctoral students
- presenting your research at international conferences
- working with leading companies on controlling-related benchmarking processes, being part of our editorial team, or supporting our teaching activities and the WHU Controller Panel

**Job Qualifications**

- interest in the above-mentioned research questions or related topics
- strong motivation and enthusiasm
- very good master-level university degree
- excellent English language and analytical skills, and ability for innovative thinking

Our faculty, students, and staff are passionate about WHU and work together to continuously develop WHU as one of the leading business schools in Europe. Do you want to be a part of this vision? Come join our team!
